Ages 6 - 12
\$109Res and \$114NonRes
Van Emmon Activity Center
(102 E Van Emmon St)

In this cutting-edge area of engineering, students will design, build, and test various circuits and electronic projects.

This class is STEM (Science, Technology, Engineering, and Mathematics) focused!

Instructors will guide students through core concepts of electrical engineering, introducing them to circuits and electrical components.

Students will use hands-on projects and experiments to explore how electricity is part of our daily lives.
